

# Kangaroo Point Cliffs

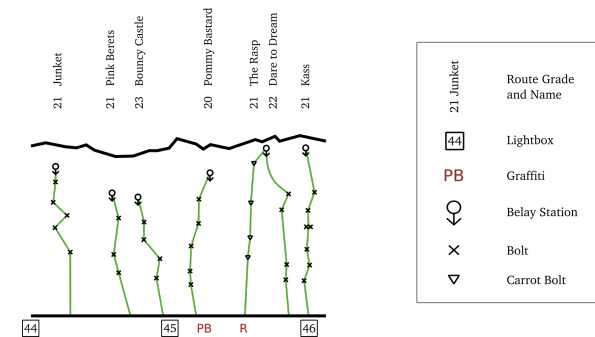

## Sport Climbing

The Kangaroo Point Cliffs offer great climbing right in the center of Brisbane. This is a simple, clean and concise map of the main sport climbing routes in the area. Convenient and easy to carry! To find detailed information about the routes take a look at the website 'The Crag'. [ [thecrag.com/climbing/australia/kangaroo-point](http://thecrag.com/climbing/australia/kangaroo-point) ]

Big Steps      Left Main Wall      Waterfall Thicket      Right Main Wall      Little Steps

The cliffs are divided into two sections, separated by a thicket of trees with an (occasional) waterfall. At either end of the wall there are steps up to the top. Here you can find plenty of rings and bollards to abseil from or use to build a top-rope anchor.

Keep an eye out when throwing ropes down and check there isn't someone below. Try to use your own gear to lower from whenever possible, it keeps everything spick and spam. Have fun!

### Kangaroo Point Cliffs Sport Climbing Map

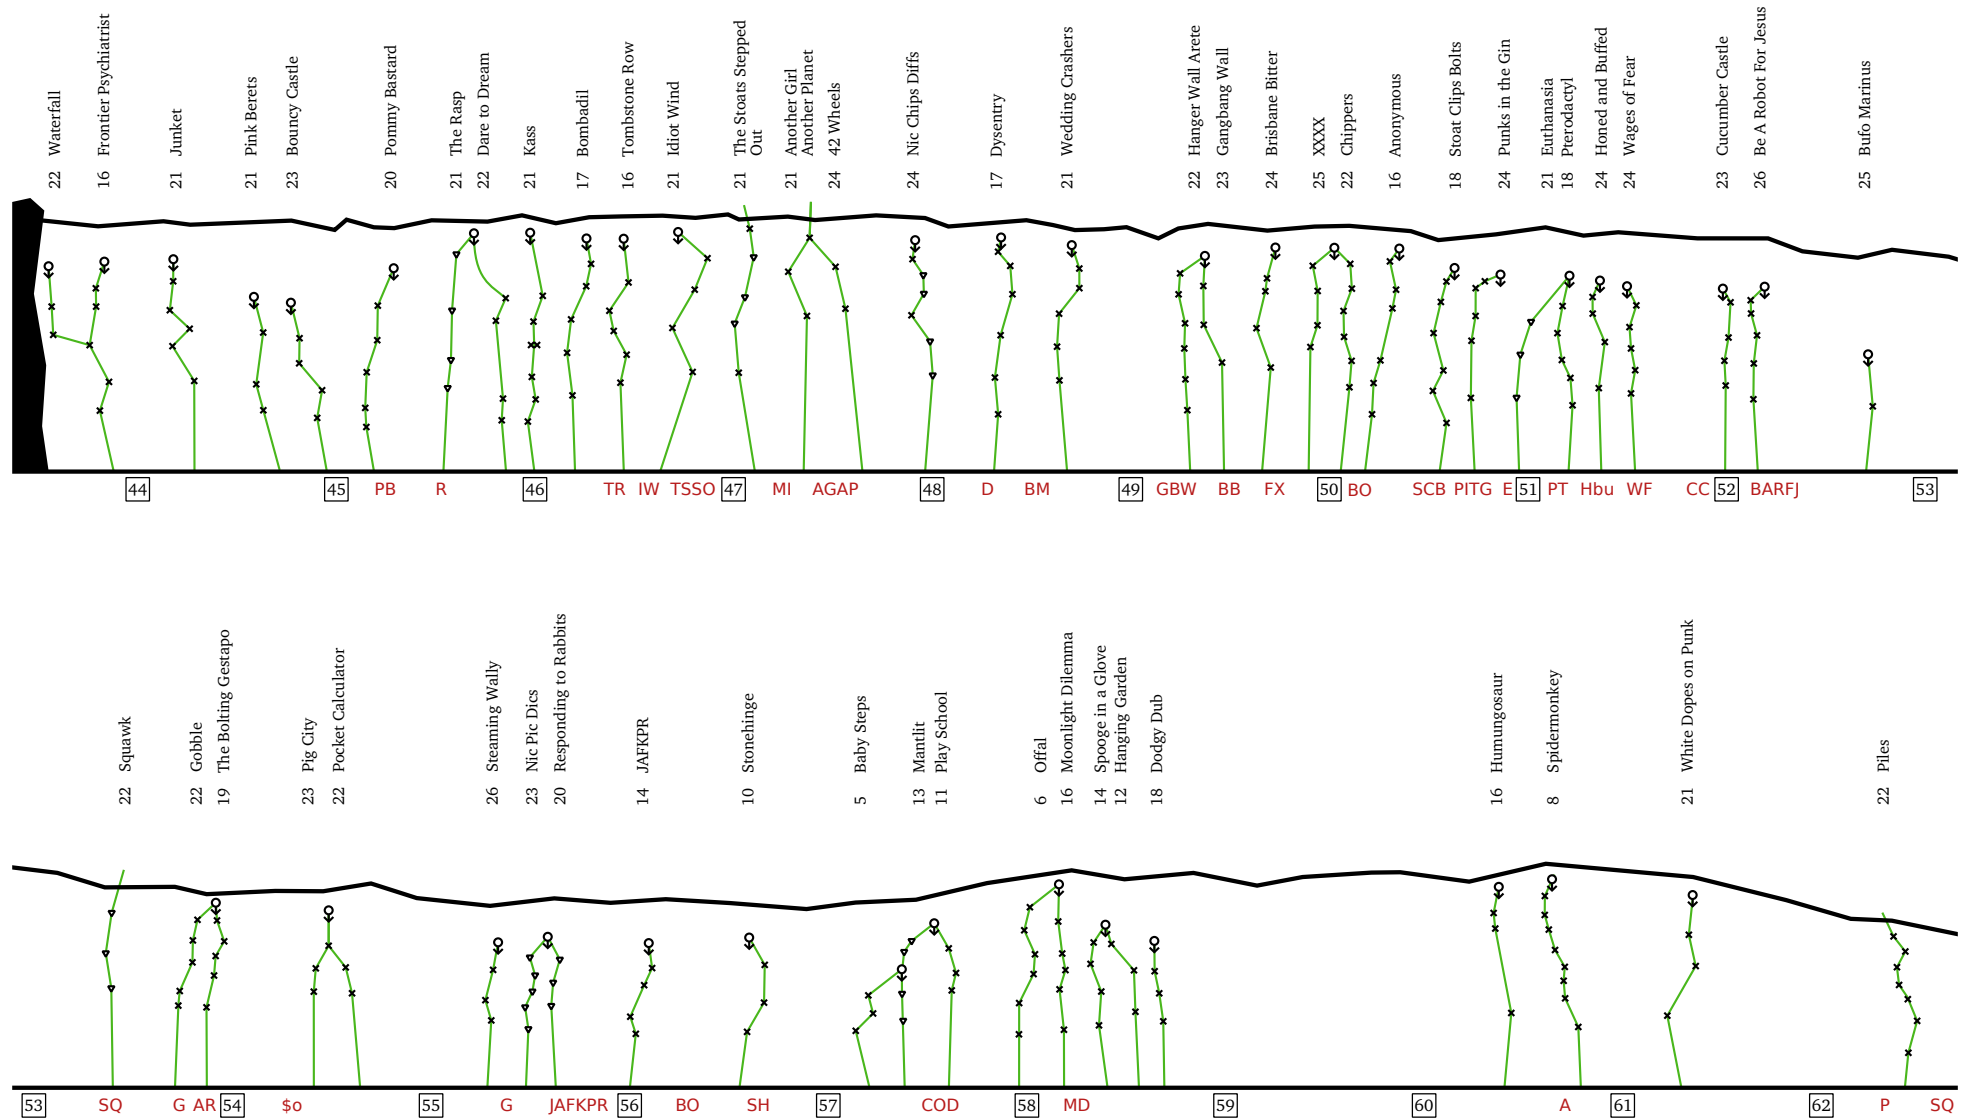

Download a copy from  
[ [azrac.net/kangaroo-point](http://azrac.net/kangaroo-point) ]. It'll work  
best (and save a few trees) if you print  
double sided, flipping on the short edge.

Suggestions and corrections can be  
mailed to [ [climbing@azrac.net](mailto:climbing@azrac.net) ].

This is a free map but if you appreciate it,  
it's always nice to hear some thanks!
